Hi David, Thank you for the email and also for your continued involvement in our efforts related to the Apache Leap Special Management Area. Neil and I will keep an eye out for your letter/agreement and sign it as appropriate.

Take care and have a good holiday.

Thomas Torres, P.E.
Deputy Forest Supervisor

Forest Service
Tonto N.F.

Tom:

Attached somewhere (hopefully) in this email thread is an agreement whereby I have withdrawn my objections to the Apache Leap Special Area Management Plan. The new verbiage is included in the agreement. I have signed the agreement and sent it back via snail mail, but this will serve as an indication of my agreement ahead of your receipt of the document.

Thanks for the opportunity and I look forward to staying involved in the development of the Climbing Management Plan is indicated in the agreement.

David Gunn

Of course, we have some wording that works for all. Send me what you need to.

Hi David:

It looks as though you and Mary Rasmussen have come up with some wording that is preferred by you and helps us more clearly articulate our points regarding climbing management in the SMA. I'm hoping it also resolves your objection contention. If that is the case, I'm wondering if you would be agreeable to getting this resolution documented and withdrawing your objection? If that's the case I will send you a formal agreement that you and the Forest Supervisor will sign, officially dropping your objection. Please let me know as soon as you can, I'd like to try to touch base with you today if at all possible. The Forest would like to proceed with finishing out this objection process before the holidays.

I also want to thank you for coming to meet with us last week. Your input really helped us convey our intent with climbing management and the subsequent climbing management plan. Hopefully it was a useful discussion for you as well.

Please be in touch about the above question on your objection as soon as possible.

Thank you for your involvement in this plan development, Roxanne
